

Dear Store Manager:

I am a customer of your store, and I would like to ask that you start carrying Kathy's Krackers. Kathy's Krackers is a raw, all natural, gluten-free, flax cracker. It comes in three different flavors: Salsa, Savory, and Apple Cinnamon. I very much like these crackers, and I would appreciate it if you would begin selling these crackers in your store.

The contact information for Kathy's Krackers is listed below:
